# Build Teams. Build Homes. Build Communities.

Invest in your people by investing in your community.

## Habitat Team Build Day

Habitat for Humanity Greater Ottawa Build Day is the most unique team-building opportunity!

Your company can engage employees while investing in the community. And partnership with Habitat means that you're teaming up with one of the most trusted and recognized non-profit organizations in North America.

The best part? **Anyone can participate – even if they've never picked up a hammer!**

**All groups contributing \$6000+ have the opportunity to participate in a Habitat Team Build Day.**

In taking this step, your company has recognized the importance of supporting employee volunteerism while helping local families build strength, stability and self-reliance through affordable homeownership.

### 5 Steps to participate in a Habitat Build Day:

- 1 You'll be introduced to our Events Coordinator who will work with you to schedule a date for your team.
- 2 Your group contact will receive all of the information necessary to have a great build day, including a volunteer handbook and safety video.
- 3 Your group contact arranges for up to 10 people to participate in the day.
- 4 On your build day, your group arrives on site at 9am. We provide your team with everything needed for the day, including tools, steel toe boots, hard hats and safety training. The day wraps up around 3:30pm.
- 5 Your team will be led through projects by Crew Leaders who are experienced construction volunteers. Each build volunteer receives a Habitat t-shirt, lunch, coffee, snacks, and team photos!

### In addition to your build day, you'll receive:

-  Photo opportunities on the build day and a digital group photo with your company logo.
-  Recognition of your company name on Habitat Greater Ottawa's website and in social media content (LinkedIn and Meta).
-  Invitation to special events, like site Dedication Ceremonies.
-  Company name recognition at Habitat Greater Ottawa's Steel Toes & Stiletos Gala.
-  Sponsorship acknowledgment in Habitat Greater Ottawa's Annual Report.
