Opening doors to affordable homeownership

For over 30 years **Habitat for Humanity Greater Ottawa** has been the only local charity offering families in Ottawa and surrounding communities a **sustainable path to affordable homeownership**.

We build safe and decent housing that bridge the gap between rental and traditional home buying for middle-income families, and our Habitat homes remain affordable forever.

Habitat Greater Ottawa has **helped over 100 families** access safe and affordable housing!

A majority of Habitat homeowners report **improved physical health and mental wellbeing**.

Habitat homeowners have **earned \$65 million more** in total income relative to if they continued renting.

2025 Gala Guest Speaker and homeowner, Rebecca Panter, shares how **partnering with Habitat Ottawa unlocked a path to affordable homeownership for her and her son**, which transformed their lives.

“You’ve helped us build more than a home; you’ve built stability, confidence, and opportunity that will last for generations.”

- Rebecca Panter, 2025

"It's so easy to have been part of the Habitat movement this past decade. Seeing hardworking families proud and committed to building a home for their future and enriching their new communities with their values and life experiences they bring to the Habitat program.

More specifically, Laurin admires the core initiative and common goals of Habitat and the families they work with. We construct some really wonderful jobs for some outstanding clients, but Habitat has given us a broader perspective to hard work, outreach and the dream of home ownership for these families that is very special indeed."

-Andrea Laurin, Community Outreach, LAURIN
